# Hyperhidrosis treatment

---

The VIV Clinic Medical Center is the oldest, largest and leading clinic both in Israel and the world for treating hyperhidrosis, and was recently awarded the rating of Diamond Provider, first place in Israel in the number of miraDry treatments.

## Collection of treatments

### **miraDry treats underarm hyperhidrosis**

The VIV Clinic Medical Center is the first center in Israel to have brought miraDry to Israel. The clinic has five treatment devices, thereby ensuring uninterrupted treatments. The VIV Clinic was awarded the rating of Diamond Provider, first place in Israel in the number of miraDry treatments, with over 15,000 satisfied and sweat-free clients who constitute about 95% of hyperhidrosis patients in Israel and who chose the VIV Clinic.

### **PalmaDry treatment for hyperhidrosis of the hands and feet**

Home treatment resulting in a dramatic reduction of hyperhidrosis of the hands and feet. The German-made device, was developed by Dr. Tsahi Vider and is the only iontophoresis device in Israel which can be purchased from a doctor, it has ISO certification and is also approved by the Israeli Ministry of Health.

### **Botox treatment for hyperhidrosis**

Botox is an effective substance, completely safe and with no side effects, which can be used to treat hyperhidrosis in almost every area of the body and achieve sweat-free results immediately. Botox treatment is short, available and does not require a change in the daily routine.

\*Treatment is carried out using advanced technology so there is no compensatory sweating

# Hyperhidrosis

95% of those treated for hyperhidrosis in  
Israel chose VIV!  
Over 15,000 satisfied, sweat-free clients.

# Advanced body treatments

---

The VIV Clinic is proud to present this aesthetic revolution to the body! A wide range of ground-breaking technological body treatments are carried out with the most advanced devices and equipment in the world, in order to achieve real results.

The collection of aesthetic body treatments is commended by leading sportsmen and women both in Israel and abroad, and by local celebrities, for toning, firming and rejuvenating the skin.

The range of treatments acts on each one of the factors respectively: fat, muscle and skin.

Dr. Tsahi Vider's VIV Clinic Medical Center is a BTL Center of Excellence. BTL is a leading European company for ground-breaking technologies.

Body treatments come with nutritional counseling combined with a training program, in order to maximize and maintain long-term results of the treatment.

During the counseling session at the large and advanced center in Israel for body-toning treatments, we will use the EVOLT360 device to make a comprehensive scan of your body measurements, and analyze 40 measurements such as: fat percentage, muscle mass, bones, quantity of water, calories etc.! Following the counselling session, treatment will be personally tailored for your body toning, which will be carried out by the world's best and most advanced devices.

## Collection of treatments

### EMSCULPT

Super work out conducted while resting in order to build muscles and burn fat!

The device uses HIFEM technology and performs 20,000 muscle contractions in 30 minutes, an amount that the body cannot perform by itself.

Areas of treatment: stomach muscles, front arm muscles, back arm muscles, calf muscles, thighs and buttock lifting.

\*The treatments are suitable for both men and women

## VANQUISH

The most advanced treatment in the world for dissolving body fat using heat, and reducing body measurements. It is ground-breaking and enables the re-sculpting of the body without any strain, invasive surgery or lengthy recuperation. The device works on heating areas of the body which have surplus fat tissues.

**The result:** body toning by dissolving the fat and reducing body measurements, mostly around the stomach, the waist and the hips.

## ONDA

A unique treatment for eradicating cellulite, firming the skin, removing stretch marks and reducing fat deposits. This revolutionary device treats various areas of the body:

- **Localized adipose tissue:** a cooling system combined with smart handpieces which ensure that the deep adipose layers are demolished while completely protecting the skin and ensuring maximum comfort for the patient.
- **Cellulite:** the device treats the most advanced stages of cellulite.
- **Firming the skin:** the special microwaves cause the immediate contraction of the collagen fibers in the dermis and stimulate the production of new collagen, thereby making the tissue firmer and tauter.

The treatment is performed using microwave technology, Coolwaves™, which safely, effectively and non-invasively reduces the localized fatty deposits. **The results:** smooth skin, taut and reduced cellulite.

**Treatment area:** the buttocks, stomach, thighs, double chin, hands and stretch marks on the body.

## EXILIS

This unique device, presents ground-breaking technology for improving the texture of the skin, firming it and reducing measurements by combining radio waves and ultrasound.

The results: reduction of body measurements, tightening and smoothing of the skin. Areas of treatment: the buttocks, areas with cellulite, the knees, neck, lifting sagging skin on the arms and everywhere else where the skin is sagging and tired.

\*The treatments are suitable for both men and women

# Treatment for strengthening the pelvic floor and incontinence

---

The EMSELLA chair, which operates using advanced technology, is a clinically- and research-proven treatment for strengthening the pelvic floor, to improve sex life and treat urinary and fecal incontinence.

The chair is operated using focused electromagnetic technology – HIFEM, which causes deep stimulation of the pelvic floor muscles, without the need for surgery or invasive processes.

While sitting, the chair performs mega-physiotherapy on the body using the Kegel method, and produces 11,200 contractions of the slack pelvic floor muscles for 28 minutes without any effort and while fully-clothed!

The result: the strengthening of the pelvic floor muscles and regaining control while urinating.

# Oxygen Chamber

BY

# AIRSPACE

---

For the first time in Israel, it is possible to carry out treatment in a private oxygen chamber at the VIV Clinic under professional medical supervision.

The VIV Clinic is the first to bring private oxygen chambers to Israel.

The treatment is designed for a wide number of medical conditions and the improvement of the quality of life, for those suffering from unexplained pains, sports injuries, internal and external injuries, for improving and healing the skin, strengthening the immune system, treating ADHD, anti-aging etc.!

# Aesthetics for men

---

You can find a whole range of advanced aesthetic treatments for men at Dr. Tsahi Vider's VIV Clinic Medical Center. Such treatments make it possible to change and cultivate a masculine appearance in a natural and accurate way, and to cope well with time-damaged skin.

## The collection of treatments

### Sharpening the jawline

The jawline is one of the prominent features in a man's look. This area can be accentuated by a minimal injection of fillers.

### Accentuating masculine facial lines

Injecting fillers to achieve a masculine look to the face, to accurately accentuate the masculine facial lines.

### Developing a strong chin

A dominant chin is an important part of a man's look. This area can be accentuated by giving a calculated and accurate filler injection.

### Smoothing wrinkles and filling volume

Smoothing wrinkles and filling volume while using the best materials in the world, for a natural, minimalist and meticulous result.

### Treatment for bags under the eyes

A measured injection of fillers suitable for bags under the eyes, to achieve a young, fresh look.
